Promoting venue partners

Venue partners are represented in 4 ways:

- Featured on our [Preferred Venues](#) landing page
- Featured on our [Locations](#) pages
- Dedicated landing page highlighting the venue's event services/amenities, an image gallery showcasing the venue, contact information and a link to the venue website.
- During the event planning process, our client relations team will share venue recommendations with clients who are looking for a venue and connect them with your venue's point of contact.

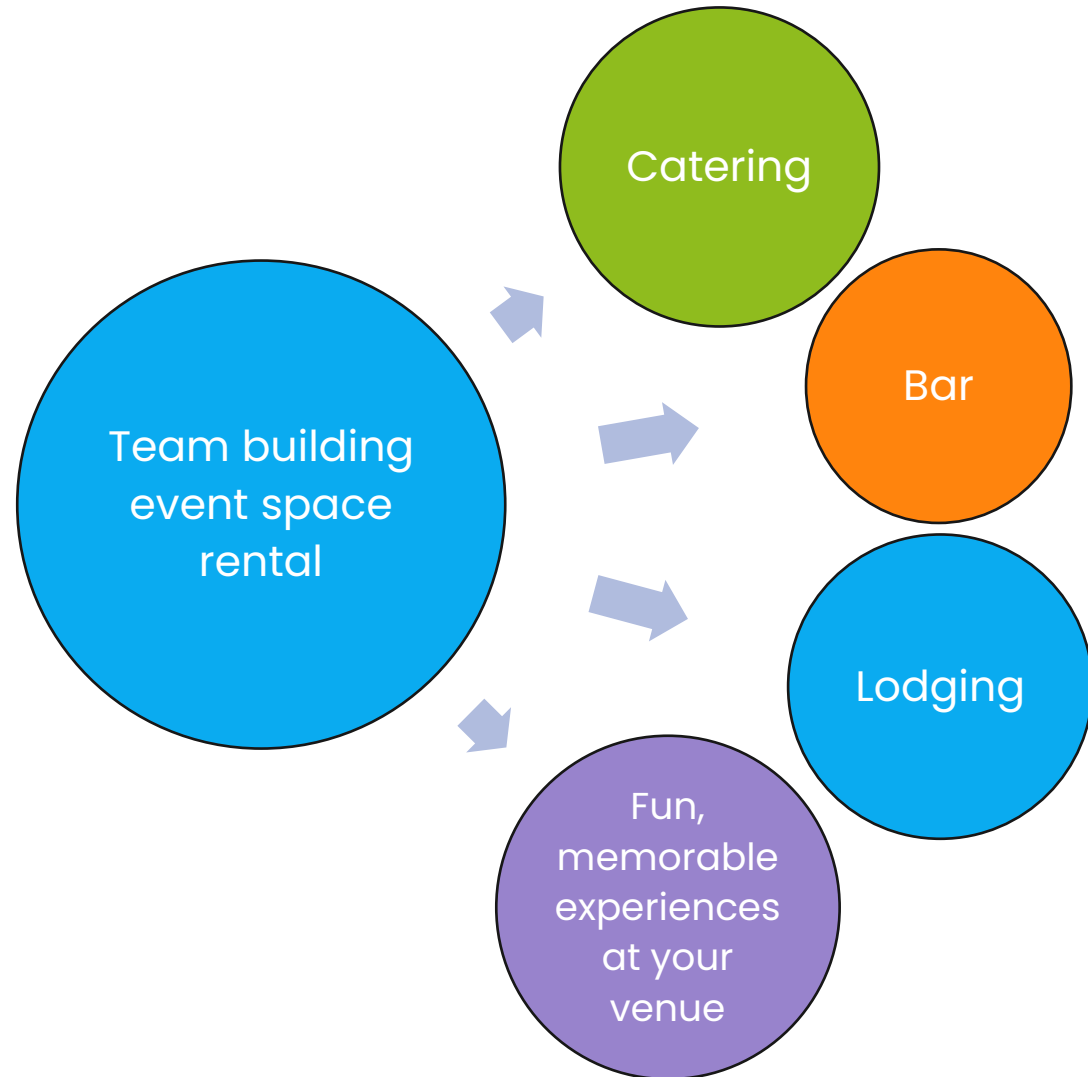

Keep business on-site

Every corporate event needs a venue. Let's bring them to yours.

Our clients are looking for more than just a meeting space, they come to us for a full **experience**. That means more business for you, from catering, to bar services, sometimes even lodging.

Plus, by sharing TeamBonding services on your website, you'll make corporate event planning easy for your guests. Planners will have no need to take their teams off-site for fun experiences during their time with you.

What we look for in a venue

Professional staff

We work hard to maintain the friendliest, most responsive team in our industry. So naturally, we love working with others who share our above-and-beyond attitude.

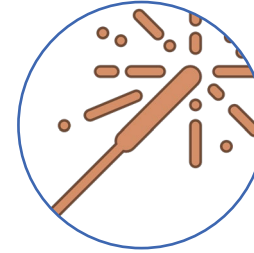

Location

Across the US and beyond, we run thousands of team building events every year. And yes, we really do get excited about matching clients with the perfect spaces.

Capacity

We work with teams ranging from five people to 5,000. So it's nice having a range of venue options available. In other words, there's no wrong size for TeamBonding.

Presentation

Thoughtful attention to all the details make the difference between good and great. If you're always working to stay one step ahead of the competition, we'll get along well.

Mutual benefit

Our program is designed to maximize cross-promotion opportunities. Building win-win relationships makes life more fun and rewarding for everyone.
