Speak the language of your listeners!

indoors or outdoors

8 – unlimited

1.5 – 2 hours

Activity overview

- The aim of each team is to create an exact replica of a model without looking at it
- Teams allocate roles and develop a communication strategy to complete the task
- The necessary information is communicated down a chain, from 'architect', to 'courier' and finally to the 'builder'
- Players must overcome fun communication barriers at each stage in the chain
- When time is up, teams come together to view their creations and participate in a guided debrief
