- ✓ Evaluate Competencies

**TECHY RETRO PHYSICAL
MEASURABLE!**

Indoors

90 mins

10 – Unlimited

- In the opening video, a mischievous 'AI Bot' challenges 'Humans' with the ultimate test of teamwork.
- Participants are assigned to a SYNERGYK box, the host then guides the game flow through a series of video interludes and live score feed.
- Interactions with the game are done via retro electronic components such as sliders, flashing buttons and joysticks, creating a unique user experience.
- Teams compete through 6 different TEAM SYNERGY minigames, which combine puzzle play, physical coordination, auditory and visual clues.
- TEAM SYNERGY game mechanics encourage reiterative learning and cooperation; players cannot play alone, and they must rely on their whole team to move forward!

ROI

Using built-in algorithms, the game cleverly analyses every team interaction and evaluates competencies to produce individual team reports. By doing so, SYNERGYK becomes more than a fun experience; it also provides managers with helpful feedback regarding their strengths and weakness in teamwork and problem-solving.
